INDEX VOLUME 28

INDEX TO SCIENTIFIC PAPERS — 1977

SUBJECT INDEX BY SYSTEMS

Angiography
- Early acute rejection in renal homotransplantation, angiographic-pathologic correlation, (Pastershank, Cunningham, Baltzan), 12
- Angiography in gastrointestinal bleeding, (Campbell, Mason, Fraser, Standen), 26
- Rectal wall bleeding: an overlooked source of massive lower gastrointestinal hemorrhage, (Thomson, Gold, Grace, Passi), 142
- Aneurysm of the superior hemorrhoidal artery: an unusual cause of massive rectal bleeding, (Pond, Ovitt, Witte, Farrell), 146
- Suprahepatic membranous obstruction of inferior vena cava, (Suchato, Kitiyakara, Arkrawong), 148
- Dissecting aneurysm of the cavernous portion of the internal carotid artery, (Scott, Gerald), 156
- Crossed, fused renal ectopia with severe hydronephrosis: angiographic diagnosis, (Haller, Kassner, Kinkhabwala), 158
- Considérations sémiologiques sur l'aspect angiographique des chondrosarcomes, (Menanteau, Dilenge), 193
- Arteriography in malignant neoplasms of the bowel, (Campbell, Mason, Fraser, Standen), 204
- Pancreaticoduodenal artery aneurysms in gas abscess pancreatitis, (Goodman), 222
- A simplified technique for selective and superselective abdominal angiography, (Tegtmeyer), 224
- Congenital cystic disease of the liver: ultrasonography and angiography, (McLoughlin, Miskin, Thompson), 243
- The jugular "notch", (Dilenge), 274
- Ceruminous tumor of the jugular foramen, (Dilenge, Nutik, Poliquin, Massé), 287

Arthrography
- Radiologic diagnosis of loosening and infection in hip prostheses, (Dussault, Goldman, Ghelman), 119
- An aid to knee arthrography, (Edelstein), 162
- Knee joint bursal abnormalities in rheumatoid arthritis, (Pastershank, Mitchell), 199

Authors' Information (aux auteurs) 90, 232M

Cardiovascular System
- Opaque left lung from congenital heart disease, (Wicks, Kuhns), 58
- Suprahepatic membranous obstruction of inferior vena cava, (Suchato, Kitiyakara, Arkrawong), 148
- Myocardial color scan with ^{43}K in ischemic heart disease, (Rouleau, Bernier, Blanchette, Paquet, Dagenais), 262

Computed Tomography
- The ventriculo-cephalic ratio on computed tomography, (Banna), 208

Equipment
- A simple device for testing the accuracy of x-ray timers, (Reid), 82

Gastrointestinal System
- Angiography in gastrointestinal bleeding, (Campbell, Mason, Fraser, Standen), 26
- The variable roentgen appearance of traumatic diaphragmatic hernia, (Minagi, Brody, Laing), 124
- Rectal wall bleeding: an overlooked source of massive lower gastrointestinal hemorrhage, (Thomson, Gold, Grace, Passi), 142
- Aneurysm of the superior hemorrhoidal artery: an unusual cause of massive rectal bleeding, (Pond, Ovitt, Witte, Farrell), 146
- Epidermoid cysts of the spleen, (Moran, Geisse), 150
- Image directe d'un lipome hépatique, (Hoeffel, Etzel, Drouin, Boissel), 153
- Lead shot appendicitis in northern native people, (Carey), 171
- Arteriography in malignant neoplasms of the bowel, (Campbell, Mason, Fraser, Standen), 204
- Polypoid carcinoid tumor of the stomach. A case report and a review of the literature, (Ayre-Smith), 217
- Extraosseous accumulation of ^{99m}Tc phosphate tracers. Case report and review of reported causes, (Singh, Rosenbloom, Usher, Palayew), 219
- Pancreaticoduodenal artery aneurysm in gas abscess pancreatitis, (Goodman), 222
- A simplified technique for selective and superselective abdominal angiography, (Tegtmeyer), 224
- Gray-scale ultrasound of biliary tract disease. A correlative study with percutaneous transhepatic cholangiography, (Cooperberg, Ayre-Smith, Garrow), 237
- Congenital cystic disease of the liver: ultrasonography and angiography, (McLoughlin, Miskin, Thompson), 243
- Radiologic appearance of the Collis-Belsey fundoplication, (Childress, Martel), 282

Genitourinary System & Reproduction
- Early acute rejection in renal homotransplantation, angiographic-pathologic correlation, (Pastershank, Cunningham, Baltzan), 12
- Ureteropelvic junction obstruction in the adult, (Chahlaoui, Herba), 40
- Hémorragie sous-muqueuse pyélocalicielle chez un enfant traité par anti-coagulants oraux, (Sutton, Scheinmann, Joffe), 77
- Crossed, fused renal ectopia with severe hydronephrosis: angiographic diagnosis, (Haller, Kassner, Kinkhabwala), 158
- Lipomatose pelvienne, (Bovo, Pagacz, Vallée), 211
- Renal aspergillosis: a report of two cases, (Myerson, Rosenfield), 214
- The signs of a passed ureteral stone, (Hyams), 270

Mammography
- Radiology in male breast tumors, (Oliva, Hébert, Ladouceur), 249
- Patterns of breast parenchyma on mammography, (Rideout, Poon), 257
- Mammographic screening for breast cancer by lateral view only: is it practical? (Moskowitz, Libshitz), 259

Neuro System & Eye & Ear
- Bilateral intrathoracic meningoceles, (Sickles, Winestock), 79
- Temporal bone: a tomographic anatomic study, (Wortzman, Conrad, Farkashidy), 95
- Preliminary results using superfractionation in the treatment of glioblastoma multiforme, (Douglas), 106
- Dissecting aneurysm of the cavernous portion of the internal carotid artery, (Scott, Gerald), 156
- The ventriculo-cephalic ratio on computed tomography, (Banna), 208
- Editorial: routine skull radiographs in children with seizures or head trauma, (Newman), 234
- The jugular "notch", (Dilenge), 274
- Ceruminous tumor of the jugular foramen, (Dilenge, Nutik, Poliquin, Massé), 287

--Erosion of the pituitary fossa by benign nasal polyps, (Banna, Ewaschuk, Cole), 300

Pediatric Radiology
--Pseudosequestration, (Macpherson, Whytehead), 17
--Formes frustes de l'achondrogénèse, (Slomic, Dorval), 33
--Opaque left lung from congenital heart disease, (Wicks, Kuhns), 58
--Hémorragie sous-muqueuse pyélocalicielle chez un enfant traité par anti-coagulants oraux, (Sutton, Scheinmann, Joffe), 77
--Radiology of airway foreign bodies in children, (Reed), 111
--Radiologic features of miliary tuberculosis in children and adults, (Reed, Pagtakhan, Zylak, Berg), 175
--Osteopathia striata revisited, (Carlson), 190
--Editorial: routine skull radiographs in children with seizures or head trauma, (Newman), 234
--Tracheal collapse following esophageal atresia repair, (Chuang, DeCaires), 278
--Antemortem diagnosis of massive air embolism in the newborn, (Pinckney, Johnson, Parker), 291
--Pulmonary vascular air embolism in hyaline membrane disease, (Gandilo, Tanswell, Mackie), 294
--Bronchial stenosis and segmental emphysema in a neonate, (Binstadt, Williams, Jarvis), 297

Radiation Biology, Economics, Protection
--Editorial: radiologists and thoughtful use of radiation, (Houston), 2
--Radiology services for one million people, (MacEwan, Lock, Walton), 3
--Lymphocyte transformation in lung cancer patients, (Coy, Thomas, Hasham), 43
--Potential hazards of diagnostic radiation, (Houston, Shokeir), 62
--Editorial: second international symposium on planning of radiology departments, (MacEwan), 94
--Editorial: pre-employment radiographs of lumbar spine, (Houston), 170
--Editorial: routine skull radiographs in children with seizures or head trauma, (Newman), 234
--Letter: maintain the number of films for routine examinations, (Butt), 235
--Mammographic screening for breast cancer by lateral view only: Is it practical? (Moskowitz, Libshitz), 259
--A clinician's expectation of the radiologist, (Badley), 285

Radionuclide Imaging
--Telephone line transmission of rectilinear radionuclide scans, (Sutherland, Mark, Palser), 49
--Extraosseous accumulation of ^{99m}Tc phosphate tracers. Case report and review of reported causes, (Singh, Rosenbloom, Usher, Palayew), 219
--Myocardial color scan with ^{43}K in ischemic heart disease, (Rouleau, Bernier, Blanchette, Paquet, Dagenais), 262

Radiotherapy
--Lymphocyte transformation in lung cancer patients, (Coy, Thomas, Hasham), 43
--Preliminary results using superfractionation in the treatment of glioblastoma multiforme, (Douglas), 106
--Radiologic studies of larynx after radiotherapy for carcinoma, (Rideout, Poon), 182

Respiratory System
--Pseudosequestration, (Macpherson, Whytehead), 17
--Opaque left lung from congenital heart disease, (Wicks, Kuhns), 58
--Bilateral intrathoracic meningoceles, (Sickles, Winestock), 79
--Radiology of airway foreign bodies in children, (Reed), 111
--The variable roentgen appearance of traumatic diaphragmatic hernia, (Minagi, Brody, Laing), 124
--Radiologic features of miliary tuberculosis in children and adults, (Reed, Pagtakhan, Zylak, Berg), 175
--Radiologic studies of larynx after radiotherapy for carcinoma, (Rideout, Poon), 182
--Tracheal collapse following esophageal atresia repair, (Chuang, DeCaires), 278
--Antemortem diagnosis of massive air embolism in the newborn, (Pinckney, Johnson, Parker), 291
--Pulmonary vascular air embolism in hyaline membrane disease, (Gandilo, Tanswell, Mackie), 294
--Bronchial stenosis and segmental emphysema in a neonate, (Binstadt, Williams, Jarvis), 297

Skeletal System — Bones & Joints
--Formes frustes de l'achondrogénèse, (Slomic, Dorval), 33
--Diagnosis of rotator cuff tear on routine radiographs, (DeSmet, Ting), 54
--Precocious onset of Paget's disease, (Greenspan, Norman, Sterling), 69
--"Brown tumor" of hyperparathyroidism induced with anticonvulsant medication, (Campbell, Tam, Sheppard), 73
--Radiologic diagnosis of loosening and infection in hip prostheses, (Dussault, Goldman, Ghelman), 119
--Malignant disease in the jaws, (Baker, Tishler), 129
--An aid to knee arthrography, (Edelstein), 162
--Editorial: pre-employment radiographs of lumbar spine, (Houston), 170
--Bony proliferation of terminal toe phalanges in psoriasis: the "ivory" phalanx, (Resnick, Broderick), 187
--Osteopathia striata revisited, (Carlson), 190
--Considérations sémiologiques sur l'aspect angiographique des chondrosarcomes, (Menanteau, Dilenge), 193
--Knee joint bursal abnormalities in rheumatoid arthritis, (Pastershank, Mitchell), 199

Ultrasound
--Epidermoid cysts of the spleen, (Moran, Geisse), 150
--Gray-scale ultrasound of biliary tract disease. A correlative study with percutaneous transhepatic cholangiography, (Cooperberg, Ayre-Smith, Garrow), 237
--Congenital cystic disease of the liver, (McLoughlin, Miskin, Thompson), 243
